

Eternity

Couplet 1

From the Stone Age to the Space Age
Mankind's looking for something else
An explanation about our Creation

Always the same story
Now you are lost
Through Eternity

Couplet 2

The true nature of rage
Revealed truth and horror
You're looking for Salvation and fighting for Redemption

Spreading death and misery
Now you are lost
Through Eternity

Refrain :

You lived and you died and you have never learned
You made the same mistakes again and again
For the glory of a God
For the glory of man, you are damned
You'll be reincarnated again

Couplet 3

You're unable to assuage
All the pain you've unfold
You're looking for Salvation and pray for Redemption

No Grace nor Divine Mercy
Now you are lost
Through Eternity
